AIR TRANSPORTATION

There are a few airports located within 30 minutes to 2.5 hours of the RDP Corporate Headquarters, with Denver International Airport being the largest and with the most frequent flights. Listed below are the airport codes with the travel time to RDP.

Airport	Airport Code	Distance to RDP
Denver International Airport	DEN	2.5 hours
Vail/Eagle Regional Airport	EGE	30 minutes
Grand Junction Regional Airport	GJT	2 hours
Aspen/Pitkin County Airport	ASE	1.75 hours

TRANSPORTATION

RDP strongly suggests that customers visiting the corporate headquarters secure a rental car. Public transportation between the surrounding communities of Vail, Edwards, Avon, etc. is sporadic and makes getting to and from the training center difficult. Click here to view contact numbers for [Denver Airport car rental companies](#). Rental cars are also available from the [Vail/Eagle Airport](#) or from [Enterprise](#) in Avon located in the Christie Lodge.

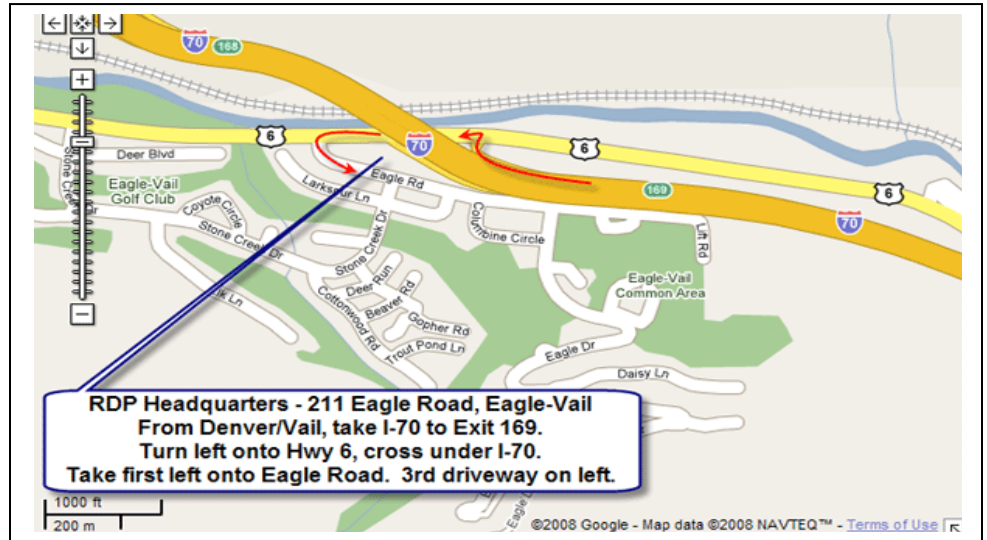

Shuttle service provided by [Colorado Mountain Express](#) is available from Denver International Airport, Vail/Eagle Airport and Aspen Airport to the Vail Valley. CME provides door-to-door service. Reservation must be scheduled in advance and can be made [online](#) or by calling 800-525-6363.

Most hotels located near Denver International Airport offer free shuttle service to and from the airport, for anyone staying in Denver prior to traveling up to Vail or before flying out. See [DIA Hotels](#) for a complete listing.

Please allow up to 2.5 hours driving time from Denver International Airport to RDP, headquarters. If at all possible, try to schedule the drive during daylight hours. The drive is quite beautiful, and winter weather makes night driving more difficult.

DIRECTIONS FROM DENVER INTERNATIONAL AIRPORT

From [Denver International Airport](#) (East of Denver), take the airport access road (Pena Blvd) to Interstate 70 West. Follow I-70 all the way to RDP. Watch for an early split in the road to make you stay on I-70.

Continue on I-70 until you get to Exit 169 (Eagle-Vail). Exits are also mileage markers, so this exit is 115 miles from the Denver Airport - Exit #284. Turn left at the bottom of the ramp. As soon as you cross under the interstate, make the first left into Eagle-Vail which is Eagle Road. RDP is the third driveway on the left at 211 Eagle Road.
